

**welcome to revive.**

seamless care  
anytime, anywhere.

revive<sup>3</sup>

# welcome to your virtual care clinic.

## Welcome to Your Personalized Healthcare Experience!

Say hello to seamless care. With your complimentary one-year trial of Revive's Virtual Care Clinic, you have 24/7 access to a suite of healthcare services designed to meet your needs anytime, anywhere:

- **Urgent Care** - immediate care for non-emergency medical issues.
- **Mental Health** - expert guidance from master's-level clinicians, and access to our Revive & Thrive app, offering digital mental fitness tools and access to counselors.
- **Primary Care** - build a relationship with a dedicated provider for preventative care and ongoing health management.
- **Pharmacy** - over 1,000 commonly prescribed generic medications with free home delivery, and over 70 acute care meds (like antibiotics) available at over 70,000 pharmacies nationwide.
- **Weight Health** - take advantage of our tailored weight health program, providing personalized health plans and behavioral support.

*Experience a frictionless healthcare journey with Revive.*

# meet your customer success manager.

## Your Partner in Health: **Jeff Bebb**

We believe exceptional care starts with exceptional support. Your dedicated Customer Success Manager, **Jeff Bebb**, is here to ensure you get the most from your trial.

- Have questions about using the platform?
- Need assistance navigating services?
- Want to share feedback?

Jeff's got you covered.

# member journey - a year in the life.

## Real Support, Real Results.

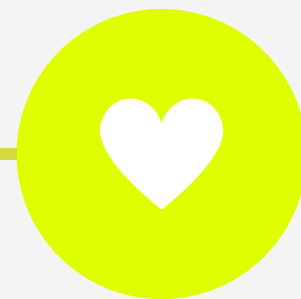

Let's follow Emily, a busy consultant, as she navigates her health and well-being using Revive.

MAY

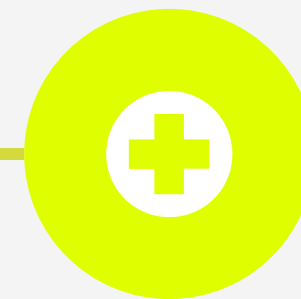

Emily is getting ready for her large client meeting today! To help her get motivated, **she chats with Luna on the Revive & Thrive app, and they go through some affirmations together.**

JULY

Emily has a follow-up visit with her Revive PCP to review her recent lab results. Her doctor calls at the scheduled time, **providing a clear, detailed explanation of her results and personalized recommendations to enhance her health.**

NOVEMBER

Emily's throat has been irritating her for the past few days, but has gotten significantly worse this afternoon. Once she gets home from work, **she requests an Urgent Care visit, and is called back within 15 minutes.**

NOVEMBER

The doctor prescribed Emily some antibiotics for her strep throat. **She picks these up for \$0 at her preferred pharmacy.**

# ready to share revive with your clients?

## Empower Your Clients with Revive

Excited about your experience? Your clients will be too. Leverage the resources below to introduce Revive to your network:

Revive Overview for Employers

Revive Core Services Overview

Mental Health Overview
